

JOB OFFER: 15 NURSES TO FINLAND

We are looking for 15 nurses for full-time work in the public health care sector in Finland. Positions to be filled are in a university hospital and municipal hospital wards such as first aid, anaesthesia, intensive care, surgery and geriatric wards.

The recruitment starts with an intensive Finnish language course in Seville Spain which will start in November 2013 and will last approximately four to five months.

We offer

We offer interesting full-time positions at the public health care sector in modern health care centres and hospitals in Eastern Finland. We offer you and your family a safe, clean and peaceful way of living in the beautiful Finnish Lakeland province of North-Savo. We also offer you a great opportunity to develop your professional skills in a high quality working environment with other nursing experts.

Furthermore, we offer comprehensive placement support, so that you would feel welcome and comfortable when starting your work in a new country. We will help you with everything including

- moving arrangements to Finland
- finding an apartment and a car
- finding a school and day-care for your children
- authority contacts including tax and registry office
- helping you to get to know the town and what to do in free time

The working hours are mainly in three shifts, about 35-40 hours per week. We also provide insurance and health care for you. The monthly salary depends on the position and your previous experience. The gross salary as a nurse will start minimum from 2200 € per month. On top of the basic salary you will receive extra compensation from working in evening, night and weekend shifts.

Language course

The intensive Finnish language course will be arranged in Seville, Spain. The duration is approximately four to five months in which time you will learn enough Finnish to deal with the everyday matters in Finland. Your work in Finland starts when you have completed the language course and reached a sufficient level of Finnish language skills. Once you move to Finland, you can start your work immediately and you will continue the Finnish studies alongside your work. After this, you will be able to work independently. We expect you to have a good knowledge of English language in order to be accepted into the course. The language course is free of charge.
